

Leu News

September 2023

Welcome to the first edition of *Leu News*. We are pleased to offer a news writing class this year with the goal of students bringing you information about the Leu Civic Center. We have learned about the types of writings found in the news and practiced how to conduct an interview.

After spending time practicing writing while using our senses, we are proud to present our first edition of *Leu News* featuring holiday sensory poems. We hope you enjoy it.
